

# Simple @ Heart (In loving memory of Francis Ow)

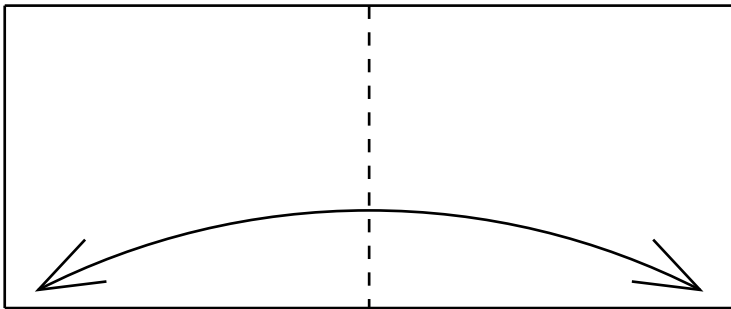

Design: Daniel Landi

Diagrams: Daniel Landi - Copyright 2018

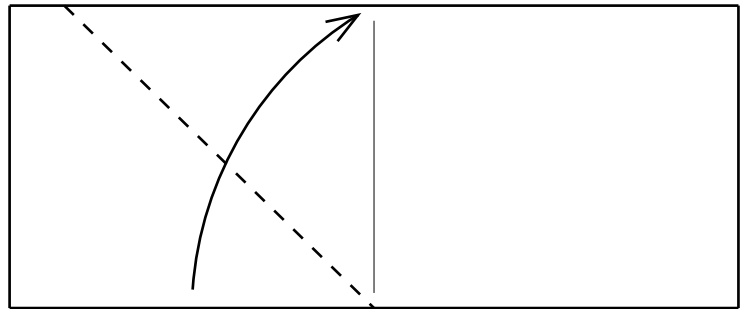

I proudly present my first origami model.

Level : Simple

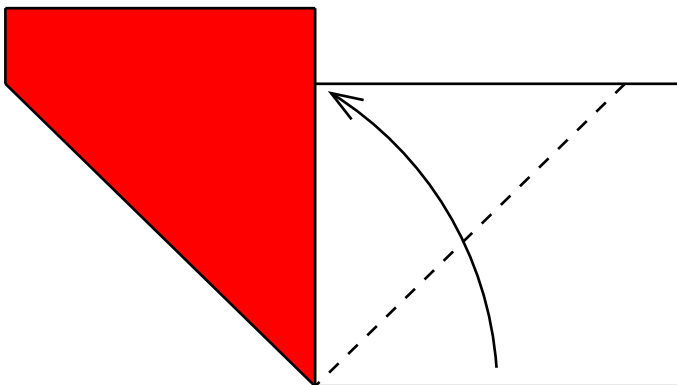

Paper : Rectangular of size 21 cm x 8,7 cm.(It is the leftover rectangle after an A4 paper is squared)

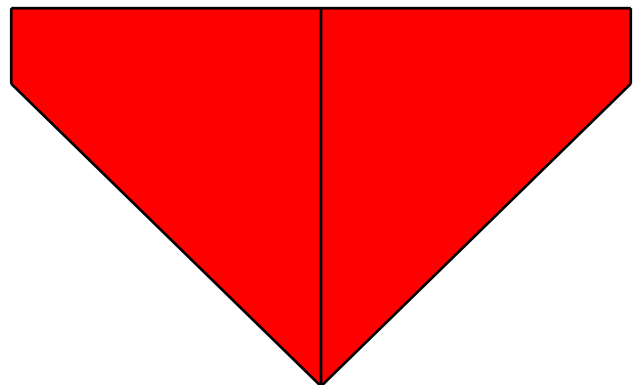

- 1- White side up  
Fold in half and unfold

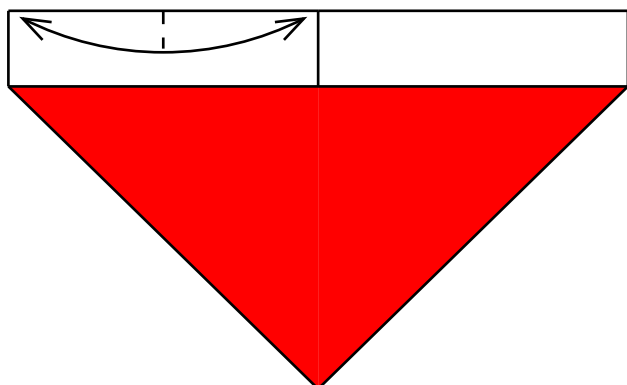

- 2- Fold the lower left edge and align it with the center of the paper

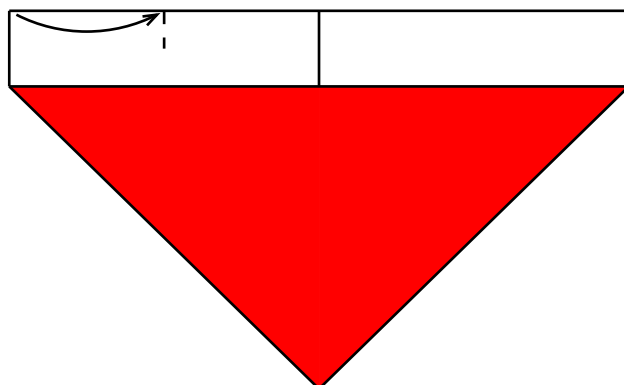

- 3- Repeat at the right side of the model

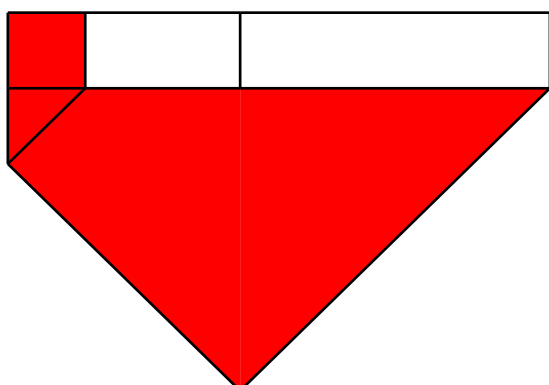

- 4- Turn over the model

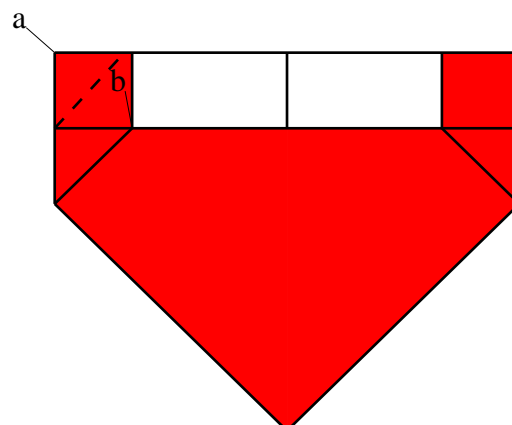

5- Fold the left edge to the center of the model and make a pinch halfway the upper left edge.

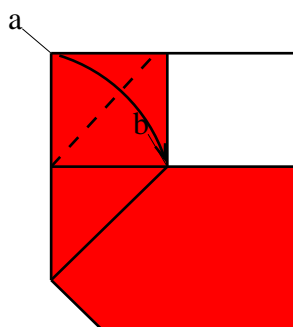

6- Fold the left edge to the pinch marked on step 5

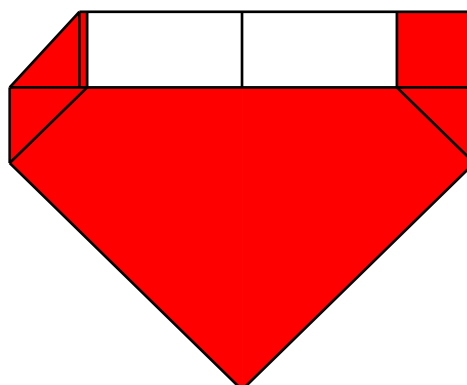

7- Repeat steps 5 and 6 at right side of the model

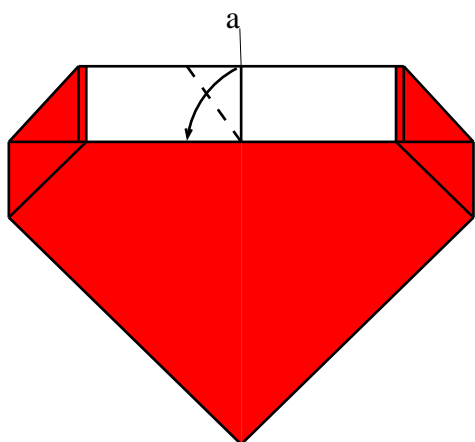

8- Fold point a down, so the left edge aligns with the edge where point b is. Note that a does not lie on b

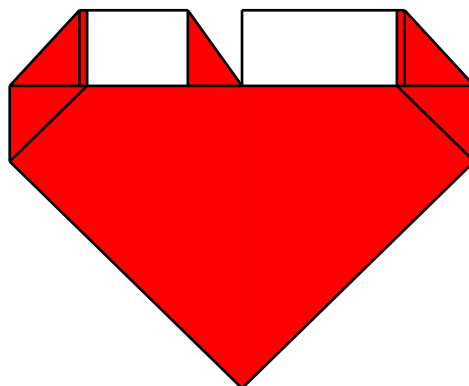

9- Zoomed view

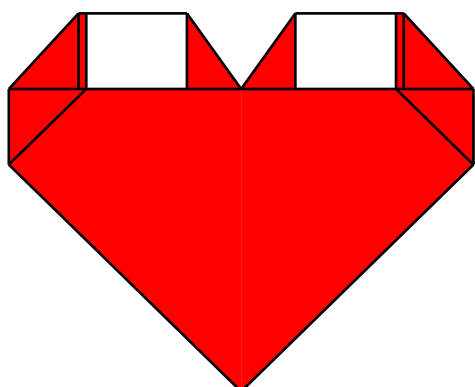

10- Repeat step 8 @ the right side of the model

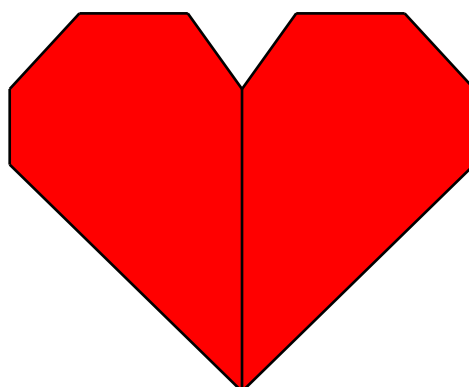

11- Fold point a down as in step 8 to align top left center edge down. And so shapping your HEART

12- Repeat step 11 @ the right side of the model

13- Turn the model around

14- And now you have a lovely heart :-D

Francis Ow was an Origami Master whose creations were mainly heart oriented. To learn more about his wonderful Origami works and to fold some of his models please check the following link :
